

SELF-MANAGEMENT INTERVENTIONS FOR OBESITY CALL FOR PANEL MEMBERS

Do you want to be part of a panel that will formulate clinical recommendations about the most promising self-management interventions for patients with obesity?

Your participation will help ensuring that effective and safe self-management interventions are equally accessible for patients with obesity.

Help us improve health care of patients with obesity!

Apply now!

What is this call for expression of interest about?

The <u>COMPAR-EU project</u> is looking for health care professionals and patients/caregivers to be part of a panel that will formulate recommendations about the use of self-management interventions for patients with obesity

We are looking for:

Health care professionals including physicians, nurses, psychologists, dieticians and researchers. with:

- Experience in obesity or weight-management and/OR self-management interventions
- Health science degree and at least 5 years of experience

Patients with obesity 18y or older (diagnosed by a physician)with/without comorbidities (e.g., diabetes, COPD)

AND
Family caregivers of patients with obesity

Experience in participating in research is not required

<u>Selection criteria:</u>

- Citizenship/residency of EU/EFTA Member State
- Good reading and speaking English level
- No financial or other potential conflicts of interest

What do we expect from you?

Availability to carry out remote work (background reading and watching some videos), including two teleconferences during the period April and May of 2021.

What should you expect?

You will be co-authors of the publications that include the recommendations.

Your participation will be acknowledged in the COMPAR-EU platform.

Panel members will not be paid.

How will you be selected?

Once submitted, your application will be assessed by at least two members of the selection board.

How can YOU apply?

Take a look at the selection criteria in the call text and apply online here, before the 19th

March 2021.
